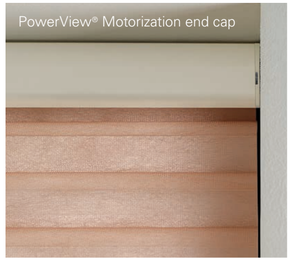
engineered for efficiency

Applause® Honeycomb Shades offer the energy-saving design pioneered by Hunter Douglas. Consistently crisp pleats and clean style options add casual warmth to every room.

quality touches

Hunter Douglas is committed to offering products of exceptional quality through attention to detail. From soft-coated hardware touch points to integrated componentry, Applause® shades feature thoughtful and beautiful design from top to bottom.



PowerView® Motorization end cap

LiteRise® handle

Vertiglide™ handle

Headrail

Each touch point beautifully balances high quality and practical function.

Fabric Vintage™ | **Color** Weathered Windmill
Operating System PowerView® Motorization, Top-Down/Bottom-Up

double duty

The Duolite® design option provides two opacities in one shade. The cleverly hidden middle rail seamlessly transitions one fabric to the other.

Combine a Crystalline™ sheer with either a light-filtering or room-darkening fabric.

Sheer Fabric Crystalline™ | **Color** Rock Crystal
Fabric Legends™ | **Color** Pearl
Operating System Vertiglide™, PowerView® Motorization, Duolite®

Fabric Kinship™ | **Color** Beach Glass
Operating System LiteRise®

safety first

From manual to motorized, our innovative operating systems are engineered to enhance safety in homes with children and pets.

The LiteRise® system has no external lift cords.
Push the handle up to raise or pull it down to lower.

versatile solutions

No matter the size or shape, Applause® Honeycomb Shades offer a beautiful solution. Discover a variety of specialty shapes such as arches, angles and trapezoids, as well as solutions for skylights and sidelights.

Even unusual shapes are easily covered.

Fabric Legends™ | **Color** Rolling Fog
Operating System PowerView® Motorization

rest easy

All Applause® single honeycomb shades are offered in room-darkening fabrics.

Fabric Sunterra™ | **Color** Silver Lining
Operating System PowerView® Motorization, UltraGlide®

Minimal edge gaps increase privacy and create a darkened environment.

any room, any style

With their clean lines and crisp pleats, Applause® shades easily complement many types of décor—modern to traditional.

The EasyRise™ system with its continuous cord-loop design allows you to raise, adjust and lower your shade simply by pulling on the cord. Any window fashion with cords, like those with EasyRise, features warning labels to make consumers aware of cord hazards for children and pets.

Fabric Kinship™ | **Color** Sun Light
Operating System EasyRise™

benefits

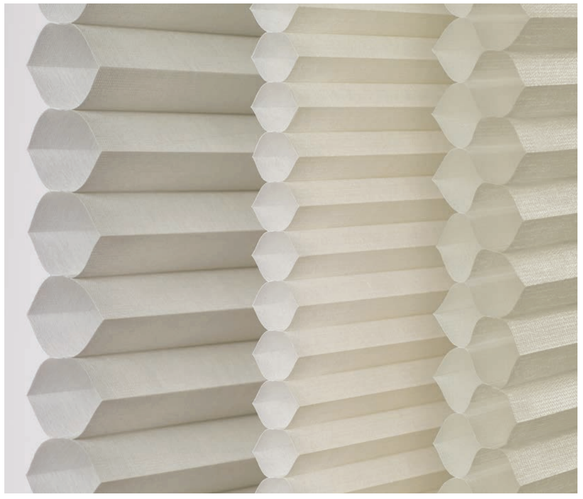
More than just stylish, Applause® shades are engineered from top to bottom for long-lasting beauty and performance.

Energy Efficient
No matter what the weather brings, insulating Applause Honeycomb Shades conserve energy at the window.

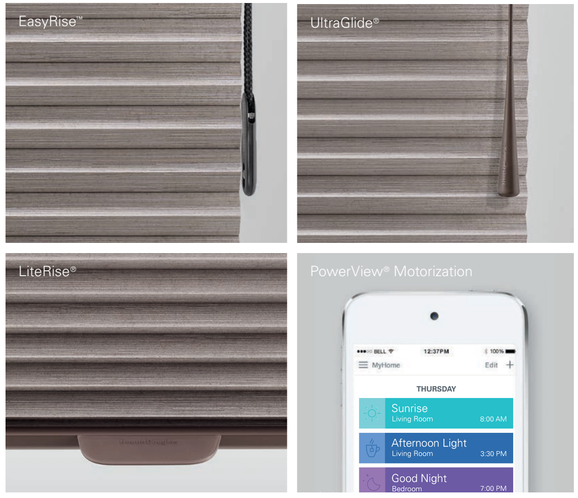
Expansive Sizes
Thanks to innovative operating systems and lightweight fabrics, these shades can cover large and tall expanses.

Minimal Stack
When completely raised, shades stack tightly for unobstructed views.

Stylish Fabrics
Explore contemporary colors and patterns in five fabrics.



Wide Selection
Choose from multiple fabric opacities and constructions.



Smooth Operation
Select from a multitude of operating systems—from manual to motorized.

Care and Cleaning
Spot-clean with soft, colorfast cloth or sponge with mild soap and lukewarm water.

opacity options

Sheer
Allows natural light in and diffused view-through

Light Filtering
Creates soft, ambient light with softened details

Room Darkening
Prevents light from entering room

Duolite® Option
Features two opacities in one shade—either sheer/light filtering or sheer/room darkening

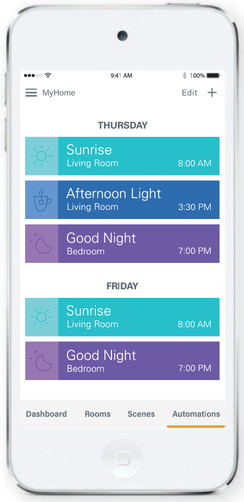
Fabric Sunterra™ | **Color** Amber
Operating System PowerView® Motorization

meet PowerView® motorization

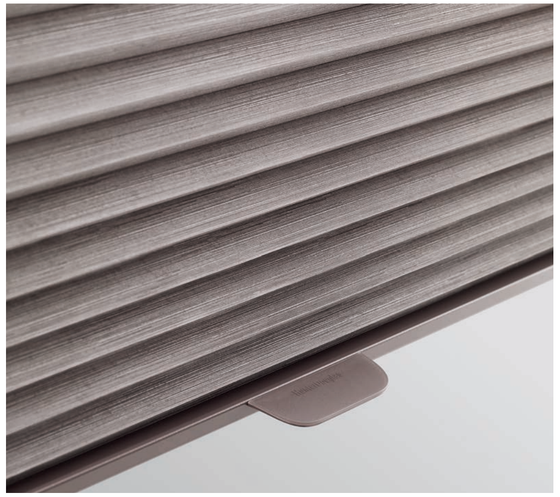
Easily control this wireless operating system via the PowerView® App or the Pebble® Remote. Because it's designed without operating cords, the PowerView system helps create a safer environment for children and pets. Plus, it smoothly integrates with other smart-home solutions for a fully connected home.

- Battery-operated and plug-in power options available
- Automatic operation by programming Scenes and Automations

Open opposite page for more about PowerView.



UltraGlide®
- Convenient, self-lowering system
- Retractable cord/wand combination
- One click of the wand lowers shade, pull down on wand to raise



LiteRise®
- No external cords for enhanced child safety
- Manually push up to raise, pull down to lower

EasyRise™
- Continuous loop cord with tensioner, mounted inside or outside
- Pull cord to raise and lower shade

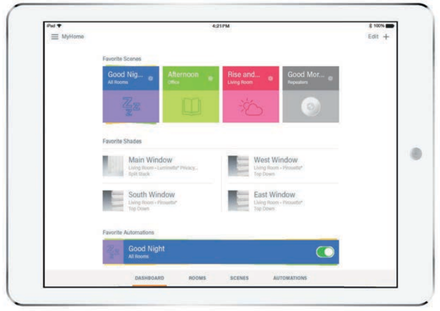
Child Safety Labels on Corded Systems
These warning labels appear on window fashions with cords to make consumers aware of window blind cord hazards.

PowerView® Hub
Our elegantly designed Hub connects wirelessly to your home WiFi network. It's the central point of control for all your home's PowerView® window treatments, storing your settings and activating your Scenes.

Pebble® and Surface Remote
The stylish and colorful handheld Pebble® Remote or the wall-mounted Surface Remote puts direct adjustment at your fingertips. Operate individual or groups of shades with the push of a button.

Pebble and Surface Scene Controller
When your tablet or smartphone isn't handy, the Scene Controller works seamlessly with the PowerView® Hub and App to trigger the Scenes you've created, adding even more convenient control.

PowerView® Repeater
The Repeater is a small signal enhancer that discreetly plugs into almost any outlet to extend signal range and carry commands throughout your home. It also provides customized lighting day and night via its illumination feature.



PowerView® App
Customize your collection of Rooms and Scenes with the App, then use the scheduling feature to operate them whether you're home or away. It's designed for compatibility with Apple® iOS and Android™ tablets and mobile devices.

Pebble® Color Selection
The brilliantly designed Pebble® Remote comes in 10 colors: White, Black Matte, Citron, Poppy, Cobalt, Pewter Frost, Clear Frost, Oyster, Ecru and Mist. Surface Remote color options (not pictured): Black Matte, Nickel Matte and White Matte.

Voice Control and Home Automation
PowerView also seamlessly integrates with many smart speakers and sophisticated whole-home automation systems. Please see our website for the most up-to-date partner list.

additional operating systems and options

Choose from innovative operating systems and design options to control light and privacy.

SkyLift™
- Covers large skylights
- Manual operation or motorized operation
