**Currently not available in Canada.*

Palm Beach™ Polysatin™ Shutters

Indestructible and beautiful, Palm Beach™ Polysatin™ Shutters are a great solution for any room, and especially suited for challenging environments.

- Palm Beach™ Promise™ guarantees that shutters perform for a lifetime, and never warp, crack, fade, chip, peel or discolor.
- 3 popular white shades.
- 12 decorative styles of frames.
- Offered in traditional front tilt, discreet TruView™ rear tilt and HiddenTilt™ operating system.
- Hidden Duracatch™ lock system.
- Resistant to UV rays, moisture and mildew.
- Fire retardant per National Fire Protection Agency's standard 701.

Palm Beach™ Polysatin™ Shutters

2018 Enhancements

POWERVERIEW® MOTORIZATION

- Hands-free louver tilt operation through remote or mobile device.
- Ideal for clerestory windows and other hard-to-reach window locations, or any windows where the ease of hands-free operation is desired.
- Tilt louver sections across two panels with a single motor and coupler for a cost-efficient design.
- Exclusive override feature allows manual louver operation without engaging the motor. The motorized function must be used for tight louver closure.
- Panels with a divider rail or split tilt allow for independent operation of louver sections, using motors in both the top and bottom rails.
- Available with traditional front tilt or HiddenTilt™ operating system.
