

Solera® Soft Shades

HunterDouglas 

Simplicity Meets Sophistication

UNIQUE STYLE

Like nothing else in the market, Solera® Soft Shades combine the soft, sculptured look of Roman shades with the energy efficiency and simplicity of cellular shades, providing drama, sophistication and a beautiful aesthetic.

ATTRACTIVE PRICE-POINT

Priced as a mid-market product, Solera shades are a unique product at an attainable price-point.

BEAUTY AND TECHNOLOGY

In addition to a beautiful aesthetic, Solera shades offer all of the most technically advanced operating systems.

Details That Matter

REINVENTED FABRIC COLLECTION

Luxurious woven and innovative non-woven options in fashion-forward colors, textures and patterns.

- Choose from 11 beautiful fabric styles in 72 dynamic colors that coordinate effortlessly with any decor.

MULTIPLE OPACITIES

Every fabric is available in both light-filtering and room-darkening opacities.

- Light-filtering diffuses light for a soft glow while providing moderate privacy.
- Room-darkening provides complete light control and maximum privacy.

COLOR INSIDE THE CELL

- The inside of the cell coordinates with the face fabric for added dimension from any angle.
- Most fabrics feature a neutral, off-white color to the outside, while some have a true white backing.

Innovative Features

PATENTED HEADRAIL SYSTEM

Uses the same patented headrail system as Design Studio™ and Alustra® Woven Textures® Roman Shades, and Provenance® Woven Wood Shades.

FINISHING TOUCHES

Fabric-wrapped headrail and bottom rail with color-coordinated hardware blend seamlessly into the shade.

INTERNAL LIFT CORDS

Internal lift cords allow for enhanced child safety and a clean, tailored look.

INCREASED ENERGY EFFICIENCY

The cellular construction creates a pocket that traps air, increasing its insulating properties.

ADJUSTABILITY

- Shade height can be adjusted ¼" shorter or longer if needed.
- Adjustability feature is on the front of the bottom rail for easy access.

Proven and Proprietary Operating Systems

EASYRISE™ CONTINUOUS CORD LOOP SYSTEM

Simple operation of even the largest shades with an easy hand-over-hand motion.

LITERISE® CORDLESS OPERATING SYSTEM

Simply push to raise or pull down to lower for easy operation.

ULTRAGLIDE® OPERATING SYSTEM

Provides a self-lowering feature and a constant cord length.

POWerview® MOTORIZATION

The next generation of technology from Hunter Douglas, PowerView® Motorization enables intelligent operation of Solera® Soft Shades.

INNOVATION INCLUDED

- EasyRise, LiteRise and UltraGlide systems are included in the cost of Solera Soft Shades with no surcharge.
- PowerView Motorization is available as an upgrade.

Specialty Options

TOP-DOWN/BOTTOM-UP

Operate the shade from the top down, the bottom up, or both.

PERFECT BALANCE

Offers the perfect combination of privacy and natural light.

OPERATING SYSTEMS

Available with EasyRise™, LiteRise®, UltraGlide® and PowerView® Motorization operating systems.
