

# Somner® Custom Vertical Blinds

**HunterDouglas** 

## Rethink Vertical Blinds

### SOMNER® FABRIC OPTIONS

- The largest selection in vertical blinds —174 fabric choices with a range of rich colors and gorgeous patterns.
- Opacity levels vary from most light/least privacy to most privacy/least light.
- Vanes can be free-hanging or inserted into a groover.
- Change the opacity level to most privacy with the PermaClear® Groover option.
  - Available in Ivory or White.

## Fresh, Functional Look

### SOMNER® VINYL BLINDS

- Rich textures and patterns in a range of hues provide limitless possibilities.
- Natural inspired designs.
- Vinyl vanes offer optimum light control and privacy.

### ALUMINUM VERTICAL BLINDS

- Modern and contemporary.
- Offering 7 color choices.
- One perforated design to make a statement.

## SOMNER® CUSTOM VERTICAL BLINDS

# Headrails, Control Options and Top Treatments

### HEADRAILS

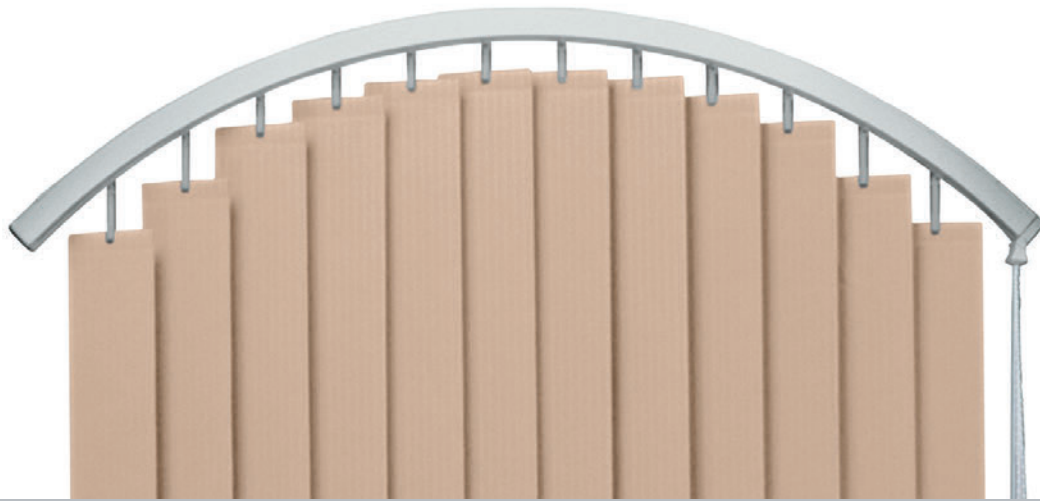

- Our patented Paramount® Contoured Headrail has a sleek appearance, and provides a tight symmetric fit and reduces light gap (standard).
- The PermAlign® Headrail is also available (optional).

### CONTROL OPTIONS

- PermaTilt® Control Wand tilts and traverses blinds with ease (standard).
  - › Available in 5 hardware colors: White, Ivory, Bronze, Dove Gray, and Ash.
  - › Enhances child and pet safety.
- The PermAssure® Wand and chain tassel and cord tensioner are also available as control choices (optional).

### TOP TREATMENTS

Double-Tiered or Single-Tiered Dust Cover Valance with the option of round, closed or open corners provides a finished touch (optional, surcharge).

## Additional Options

### **SPECIALTY SHAPES**

- Ideal for specialty applications.
- Specialty shapes are available in arches, curves, slopes, straight-track and skylights, using the Specialty Systems Headrail.

### **MOTORIZATION**

- Perfect solution for extra-large blinds or those that are hard to reach.
- Tilt and traverse available on Specialty Systems Headrail only.
