# Modern Precious Metals® Aluminum Blinds

# 2018 Modern Precious Metals® Blinds Updates

### NEW DECORATIVE TAPES WITH SIMPLELIFT™ AND SIMPLELIFT WITH POWERVIEW® MOTORIZATION

- Combine the safety of a cordless operating system with a popular design option.
- Available on 2" Macro and Natural Elements™ blinds.

### NEW MAXIMUM SIZE STANDARDS FOR CORDLESS OPERATING SYSTEMS

Updated size dimensions to include larger windows.

### NEW VALANCE ORDERING PROMPTS

Standardizes the valance order entry process for standard and specialized valance end treatments, giving increased order accuracy.

# Cordless Operating System Enhancements

## STYLE MEETS SAFETY WITH DECORATIVE TAPE PAIRING

- Choose from all current decorative tape colors and sizes for a customized look.
- Available on 2" Macro and Natural Elements™ blinds with SimpleLift™ or SimpleLift with PowerView® Motorization systems.

## CORDLESS OPERATING SYSTEM SIZE GRID INCREASE

- Maximum sizes increased to cover more windows.
- Affected operating systems:
  - › SimpleLift
  - › SimpleLift with PowerView Motorization
  - › UltraGlide®

# Where Beauty and Safety Come Together

### MODERN APPEAL

The sleek SimpleLift™ bottom rail design adds to the already contemporary look of Modern Precious Metals® blinds. The bottom rail is available in designer textured and metallic finishes and matches beautifully to home décor or window frame colors.

### A VARIETY OF COLOR CHOICES

A color-coordinated default bottom rail color has been chosen for each slat and wood accent color. Or, choose any of the bottom rail finishes, designed to complement today's most popular interior finishes and window frame colors.

- 15 bottom rail colors for 1" Décor® and Celebrity® blinds.
- 22 bottom rail colors for 2" Macro and Natural Elements™ blinds.

# Connect with PowerView® Motorization

## INTELLIGENT BLINDS THAT SIMPLIFY YOUR LIFE

PowerView® Motorization allows users to transform the light with a simple push of a button or tap on a mobile device.

## TIMING

Schedule your blinds to tilt automatically, optimizing your home's privacy and light control.

## WIRELESS INNOVATION

- Increased RF range and reliability with two-way communication.
- Merges seamlessly with the connected lifestyle.
- Not backwards compatible with Platinum™ Technology.

## BLIND SPECIFICATIONS

- Tilt only.
- 2" Macro and Natural Elements™ blinds only.

# Our Most Intelligent, Premium System

## SIMPLELIFT™ WITH POWERVIEW® OPERATING SYSTEM

- Ease of the SimpleLift system is combined with the convenience of PowerView® Motorization.
- Allows for worry-free enjoyment and peace of mind.
- With minimal stacking heights and no wands or tassels required to lift or tilt, views are uninterrupted for a clean look.
- Available on 2" Macro and Natural Elements™ blinds.
- Each slat color and wood accent color has been paired with a SimpleLift bottom rail color, or select from one of the 22 colors to create a custom look.

# Minimizing Cords for Ease and Simplicity

Modern Precious Metals® Aluminum Blinds feature 5 operating systems that minimize cords for enhanced safety.

### SIMPLELIFT™

- Available on 1" Décor® and Celebrity® and 2" Macro and Natural Elements™ blinds.
- Standard with wand tilt.

### LITERISE®

- Available on 1" Décor, 2" Macro, and Natural Elements blinds.
- Standard with wand tilt.

### ULTRAGLIDE®

- Available on 2" Macro and Natural Elements blinds.
- Wand tilt and wand pull are standard.

### POWERVIEW® MOTORIZATION

- Available on 2" Macro and Natural Elements blinds.
- Tilt only system.

### SIMPLELIFT WITH POWERVIEW MOTORIZATION

Available on 2" Macro and Natural Elements blinds.

# A Modern, Stylish Solution

Select ½" and 1" slat sizes.

### CELEBRITY®

- A beautiful and practical selection that comes standard with a beveled headrail, offered with optional SimpleLift™ system.
- Available in 1" slat size in .006 gauge slat thickness.

### DÉCOR®

- A sleek look with a contoured headrail design, offered with optional LiteRise® and SimpleLift systems.
- Available in ½" and 1" slat sizes in .008 gauge slat thickness.

### LIGHTLINES®

- Offers maximum light control and privacy with the *de-Light™* routless option.
- Available in ½" and 1" slat sizes in .008 gauge slat thickness.

# A Dramatic Design for Larger Windows

Choose the 2" slat size.

### MACRO

- Comes standard with color-coordinated Decorative valance or optional Artemis™ wood valance.
- *de-Light*™ routless feature is standard.
- Available in .008 gauge slat thickness.

### REVEAL® WITH MAGNAVIEW®

- This patented design doubles the view-through from 2" to 4" by nesting slats together.
- Available in .008 gauge slat thickness.

### NATURAL ELEMENTS™

- Combines metal slats with the warmth of real wood accents in valance, bottom rail, wand, and tassel.
- Standard with the *de-Light* routless feature.
- Add the optional MagnaView tilt feature to maximize the view.
- Available in .008 gauge slat thickness.

# Natural Elements™

## HUNTER DOUGLAS EXCLUSIVE

- Mix and match aluminum slats with real wood accents for striking combinations.
- Available in all Modern Precious Metals® operating systems including SimpleLift™, LiteRise®, UltraGlide®, PowerView® Motorization, and SimpleLift with PowerView Motorization.

## ON-TREND WOOD ACCENTS

- Choose from 16 of the most popular wood accent colors from the Parkland® Wood Blinds program to coordinate with current cabinetry and furniture styles.
- Wood accents are used for the valance, bottom rail, wand and/or tassels.
- The Artemis™ valance is standard on Natural Elements™ blinds.

## PERSONALIZE IT

Multiple design upgrade options create the ideal blind including decorative tapes, hardware, and the distinctive MagnaView® tilt feature.

# Designing the Perfect Blind

### *de-Light*™ ROUTLESS OPTION

Provides maximum privacy and light control.

### DECORATIVE TAPES

Add a decorative accent with our 24 decorative tape colors for any 2" Macro or Natural Elements™ blind.

### DECORATIVE HARDWARE

Choose from 13 designer hardware finishes to add a decorative touch to any 2" blind.

### VALANCE OPTIONS

- **Decorative valance**—each slat color is paired with a Decorative valance color or select from any of the 18 colors for a custom look.
  - › Available with 2" Macro and Reveal® with MagnaView® blinds only.
- **Artemis**™ **valance**—3¼" wood valance available in 16 popular Parkland® Wood Blind finishes.
  - › Comes with 2" Natural Elements blinds; optional for 2" Macro and Reveal with MagnaView blinds.

# Accentuate Any View with the MagnaView® Tilt Feature

### PATENTED DESIGN

Exclusive to Hunter Douglas.

### DOUBLE THE VIEW-THROUGH

Slats nest together when tilted open to provide a 4" view-through.

### AVAILABLE ON SELECT 2" PROGRAMS

Reveal® and Natural Elements™.
